SALEM HYDRAULICS COMPANY

SALES, REPAIR, AND REMANUFACTURING OF HYDRAULIC EQUIPMENT

Challenger Little League is a 501(c)(3) non-profit division of Little League Baseball that provides boys and girls 5-18 years of age, with mental and/or physical disabilities, the opportunity to experience the fun of playing baseball. Challengers allow every child to experience the rewards of being part of an athletic team while motivating and increasing emotional development, high self-esteem, confidence, and pride - regardless of ability. The Challenger Little League Baseball program has been blessed to offer this program at very minimal expense to the families of Challenger athletes. Unlike other divisions of Little League, the Challenger program provides registration fees, team uniforms, trophies, and many other benefits. The positive and rewarding experience of the Challenger program is constantly being spread throughout the Roanoke Valley. Our baseball family has continued to grow since 1989. As word of the benefits and rewards of the program travel, the hope is for all children with limitations to have a chance for the future. The Challenger program's success is due largely to the generosity and support of individuals, businesses, and organizations through the Roanoke Valley. We invite you to help support the Challenger athletes by participating in this benefit golf tournament. We hope to see you on the tees and greens!
